Welcome to UC SHIP at UCLA!

Built for students, with student involvement, the University of California Student Health Insurance Plan—UC SHIP—provides accessible and affordable coverage that protects you from unexpected health care costs that could affect your future success—graduation and beyond.

UC SHIP at UCLA includes medical, pharmacy, dental and vision care for you, the UC Family, and your eligible dependents. Plus, your medical coverage includes emergency and urgent care coverage anywhere in the world, as well as behavioral health coverage abroad.

UC SHIP works in partnership with The Ashe Center to get you the care you need. Consider The Ashe Center your medical "home away from home." The Ashe Center is a student health center that provides on-campus primary care, preventive care and certain specialty care services, including behavioral health care. There is also a full-service pharmacy at the location, and the Counseling and Psychological Services (CAPS) provides referrals for mental health and substance use disorder services.

UC SHIP gives you access to the UC Family of five nationally ranked medical centers at Davis, Irvine, Los Angeles, San Diego and San Francisco—along with their affiliated facilities and professional providers—where you’ll pay lower student rates.

You can get care at The Ashe Center or if you’re away from campus.

You’ll find The Ashe Center, the Santa Monica Medical Center and other members of the UC Family of nationally recognized providers you’ll receive specialty care at lower student rates when you do.
